Norma Egeland drives a bus

272 miles each day

By Lynne Locke

Up before dawn and out after dark, Norma Egeland covers more than 44,000 miles each school year driving West End students to school.

Mrs. Egeland of Hesperia is a driver for Palomar Transport Inc. which serves mentally retarded, deaf and orthopedically handicapped children living in an area from Glendora to Fontana.

During her 10-hour working day which starts at 5:30 a.m., Mrs. Egeland drives several loads of children to school and home again. She logs 272 miles each day.

That 272 miles doesn't include the hour drive between the station and home. Mrs. Egeland leaves home at 3:30 a.m. and doesn't return until 7 or 7:30 p.m. "I'm really looking forward to the new freeway which will cut the time," she commented.

Mrs. Egeland, who has been driving a school bus since 1963, said the best part of the job is when "the little ones respond."

Seeing a child walk or talk who has never done those things, "and just seeing how excited they are, that's really it," she said.

"I've watched all these kids grow up and progress," Mrs. Egeland said. One of her riders is the first handicapped boy to become an Arrow Scout. Others have progressed enough to attend regular schools. But some die, she said quietly.

To be a bus driver "you definitely have to like kids," she said. "You have to have patience with them and understand their problems. If you treat them like they're handicapped, that's bad. You have to treat them

like regular kids," Mrs. Egeland added.

She gives the older students the responsibility of opening doors or watching a younger child. The responsibility is good for them, she noted.

She also teases her riders, calling their crutches "chop sticks" and telling them to run. "They know it's a joke and enjoy it. There are times I get real stern and they understand. They know when I mean it," she said.

Mrs. Egeland "gets stern" about safety regulations and about children calling each other names or making fun of each other's handicaps.

Most of the students are understanding, but some of the hard of hearing students "think only of themselves," she noted and added, "their parents often are responsible because they don't like to admit there is a handicap."

Mrs. Egeland said the mentally retarded children want to learn and "love to go to school" because some of them have few outside experiences.

She has a friendly relationship with her riders. The treat they look forward to most is hot days and water fights on the bus. "They can't squirt me while I'm driving, but when I stop to let a kid off, look

out," said Mrs. Egeland, who wears her hair casual and carries her own squirt gun.

Some students use her calculator to check their arithmetic homework or play math games. Others look forward to the comic books she saves to give them at Christmas. Several girls have visited overnight with Mrs. Egeland during Hesperia Days and have learned to use her photographic darkroom.

Mrs. Egeland said, "I just like kids. I've really enjoyed the job." She will start her 12th year driving the school buses after she takes her vacation — driving to Colorado.

When Mrs. Egeland began driving school buses, the company had three buses and three station wagons. The operation jumped from three to 15 schools in one year.

Her regular schedule includes runs in Fontana, Rialto, Etiwanda, Alta Loma, Cucamonga, Ontario and Chino. The summer schedule includes Upland, Ontario and Montclair.

Bus drivers have regular monthly meetings for safety training where they learn the best ways to lift and care for children as well as emergency and first aid care. Drivers also have regular driving tests and are tested by the California Highway Patrol.

Lewis Ortiz: student services coordinator

By Teresa Hinds
Upland High School
Representative

Lewis Ortiz has just completed his first year as Upland High School's student service coordinator, a job involving translating tests into Spanish, counseling students on personal and school problems, talking with Spanish-speaking parents and coordinating such activities as Cinco de Mayo and Black Culture weeks.

Ortiz' varied duties also included being assistant coach for Upland High School's first soccer team, advising the Student Advisory Board, and teaching a Chicano history class.

"It's been a beautiful year. The students here have taught me a lot," said Ortiz, who hopes to organize a Student Service Center program for all ethnic groups next year.

He said he would like a full week devoted to Anglo, Indian, Oriental, Black and Chicano cultures with students of all ethnic backgrounds working together to plan the week.

Ortiz found personal satisfaction in working with the soccer teams. "Seeing Chicano and Anglo athletes working together as a team, as brothers, to win for UHS" was especially rewarding, he said.

The Chicano and Anglo students learned each other's languages, walked, ate and rode together. "They were concerned about one another, like a family," Ortiz noted.

One of his main goals is getting Chicano students, as well as more Anglo students, interested and active in the school. Another goal is helping Chicano students "feel secure in what they have done and proud of what they are."

As a Chicano history teacher, Ortiz said Chicano history must be added to United States history books. He said history "has to be told right" placing more emphasis on the Treaty of Guadalupe Hidalgo which ended the Mexican War and established the U.S.-Mexican boundary.

In spite of the successes and satisfactions of the year, Ortiz feels he failed the students in some ways. Because of school limitations, he wasn't able to give students as much help and guidance as he would have liked.

He also said there just wasn't enough time to involve more students in school activities such as student government and cheerleading. But, Ortiz concluded, the year has been "very interesting."

News Briefs

Planning Commission to meet

The Upland Planning Commission will meet 7:30 tonight in the City Council Chambers. Commissioners will consider recommending revocation of a conditional use permit for a beer tavern presently operating at the northeast corner of Foothill Boulevard and Benson Avenue. They also will consider approval of a 10-acre subdivision north of 14th Street between Euclid and San Antonio avenues.

Deep-sea fishing

The Upland Recreation Department with the cooperation of Davey's Locker in Newport Beach, is running a deep-sea fishing program for five children each week. The children and an adult volunteer will take the afternoon half-day boat from Newport Beach. Davey's Locker has given the Recreation Department a special rate for the program. Fishing equipment was donated by area residents including fencing instructor Victor Moore.

The program was designed to allow children who could not otherwise afford such an activity to have a new exciting experience. The cost for the trip is \$2 per child. Interested participants may register at Los Olivos Center, 1200 N. Campus Ave., or at the Recreation Department office, 404 N. Second Ave., Upland.

Order of the Eastern Star

Order of the Eastern Star, Upland chapter 346 will host a reception for Deputy Grand Matron Mildred Henderson 2 p.m. Sunday at the Upland Masonic Temple. She is past matron of the Upland chapter. Carolyn Barone is coordinating the event. The chapter recently observed "Memorial Night" to honor members who died during the past year. Blanche Kellner and Edwina Kellner presented special music at the meeting which was coordinated by Mrs. Frank Wallbaum.

Chaffey advisory committee

The Chaffey College Board of Trustees will appoint local residents to a districtwide citizens advisory committee. The committee, to be appointed July 15, will study the best method of board representation to meet the educational needs of the entire college district. All trustees presently live in Upland. Local residents can be nominated for the committee by writing to Office of the Superintendent, Chaffey College, 5885 Haven Ave., Alta Loma, CA 91701.

Library reading games

The children's section at the Upland Public Library has started the annual summer reading games for youngsters. The Great Monster Hunt is the theme for those in first through sixth grades. Preschoolers and kindergartners may join the read-to-me club which has a Mini-Monster Hunt for its theme. The games are free and children may register any time. The games will end Aug. 22 with an entertainment time. For more information call the children's section, Upland Public Library, 982-1561.

Public input sought

San Bernardino Associated Governments (SANBAG) is asking for public comment on environmental concerns before updating the San Bernardino County transportation plan. Areas of environmental concern include air pollution, noise, visual, energy and water. Comments, postmarked by July 1, should be mailed to San Bernardino Associated Governments, 320 N. E St., Suite 408, San Bernardino, CA 92401.

Grade card delay

End-of-the-year grade cards for all Chaffey Union High School District schools will be late, Assistant Superintendent C. Robert Erickson has announced. Grades which would have been sent to homes last Friday will probably be sent today or Friday.

Report cards are developed and printed by the district's computer. A major breakdown has caused the delay. The computer is more than 14 years old and has not been manufactured for several years, making parts difficult to obtain, Erickson said. It was expected to be back in operation Monday.

Volunteers needed

The Upland Library needs volunteers to stock paperback outposts in local stores. Volunteer supervisor Harry Sippel said the library also needs volunteers to telephone senior citizens about library programs.

The Upland Recreation Department is looking for volunteer rockbands to play at Friday night dances for developmentally disabled teenagers and adults.

Recreation Department

Summer activities planned in Upland

Summer programs of the Upland Recreation Department range from a motocross course to a class in creative dramatics and play. The bicycle motocross course, being constructed at the corner of 15th Street and Campus Avenue, is scheduled for opening in early July.

The course will include jumps, banked turns, and water hazards. Volunteer youths and adults are needed to clear rocks from the course, said Lorry Thornburg, assistant recreation director. To volunteer call 982-1352 ext. 55.

The course will be open two or three days a week and tentative plans include Saturday races, Thornburg said. Fees, 25 cents per day, will pay for trophies, maintenance and supervision of the course.

Thornburg said participants must wear a helmet and bicycles must have padded crossbars. All bikes will be checked for safety.

Memorial Park

Summer recreation activities at Memorial Park include the Indian Olympics, organized relays with "tribes" competing against each other. Other activities in the six-week program are sports, ping pong, checkers, chess, archery, arts and crafts, and horseshoes.

The activity program at Memorial park replaces centers at local elementary schools. The program through July 25 costs 35 cents per week.

Other recreation programs include tennis lessons at the high school and junior high schools and arts and crafts programs at elementary school.

Drum Corps

Gary Perkins is the new instructor for the Recreation Department's drum corps which will perform in parade competition with the Highlanders Majorette Corps. Perkins has been a leader in the Upland High School percussion section.

The drum corps also received a donation of \$75 for a new field drum from the Children's Creative Workshop. The corps presently has two drums.

Disabled Dance

The Recreation Department will hold a dance for developmentally disabled teenagers and adults 7-9 p.m. Friday at Sierra Vista Elementary School, 253 E. 14th St. Cool Water, a local rock band, will play for the dance.

The dance is limited to developmentally disabled adults and teens, aged 15 and older. Admission fee is 25 cents.

The Recreation Department and Upland Library will hold a free class in creative dramatics and play for girls and boys, aged 9-12. Emily Lee will lead teach simple coordination games and pantomime. The class will meet 10-11 a.m. Mondays starting June 30.

ROCKS, ROCKS, ROCKS — Bike riders (from left) Randy Drafton, Scott Fink, Ray Mayo and Pat Mayo (back) clear rocks from the landing point for a jump at the Upland Recreation Department's new motocross course which will include jumps, banked turns, and water hazards.

The track is scheduled to open in early July, but the many rocks on the site may hold up the opening. To volunteer help in clearing the track, youths and adults can call Harry Sippel, 982-1352 ext. 55. (Photo by Lynne Locke)

Upland chamber study

City growth moving ahead, report claims

Despite a "soft" economy and increased prices, Upland is moving ahead on many fronts, according to the annual report of the Chamber of Commerce.

Upland Chamber President F. E. MacDonald said, "With a population twice that of 10 years ago, Upland has succeeded in maintaining its image as an outstanding residential community and in increasing its business and industrial occupancy."

He said the chamber, "besides responding to some 2,000 inquiries annually from business concerns

and individuals, providing assistance to people and doing the daily tasks necessary for community service, has been involved in a number of successful projects."

On the legislative front, MacDonald said the chamber "successfully supported rezoning of the Airport Industrial Park for light industry and connection of sewers to the facility."

"To assist local business, the chamber worked with the city council to arrive at a compromise

on the increased business license fees.

MacDonald said the "chamber worked to obtain the amendment of a city ordinance so that industries in M-1 zones may now designate 25 per cent of their annual sales to retail sales. This is an inducement for business to locate in Upland because they can dispose of surplus goods from their plant."

"Another item of prominent discussion during the year was the ban on billboards in Upland with an increased charge for them. The

Chamber worked toward a compromise where the city granted a 10-year moratorium on billboard removal and the fees are not as prohibitive as they might have been."

In addition, MacDonald said, the "chamber took the lead in defeat of Senate Bill 123 which would have frozen rents."

"The Upland chamber also took a leading role in convincing legislators to retain headquarters of the Air National Guard at the Ontario International Airport, this

saving the West End from the loss of a \$2 million payroll."

In the area of economic development, MacDonald said, the "chamber has worked closely with developers, financiers, engineers and city officials to support Upland's industrial parks."

"As a result, the Airport Industrial Park on North Benson which opened in November, 1974, is now 60 per cent occupied while the Business Center on Ninth Street west of Mountain Avenue is 48 per cent occupied after its November

opening. The first Upland Industrial Park at Ninth and Mountain continues to do well."

MacDonald said, "The chamber keeps a record of the square footage inventory available at these parks for interested businessmen."

He added that "a guide to development in Upland is in final draft form. Prepared by the city at the chamber's urging, it will assist developers with matters of procedure regarding zoning, land division, building review, subdivision requirements, etc."

Dance class

Harris Himes will instruct a class in ballroom dancing with his assistant Debra Solle at the West End YMCA, 215 West C Street, Ontario. The class will meet on Wednesday evenings from 8 to 10 p.m.

Himes, who teaches ballroom dancing and fencing at Cal Poly Pomona was an instructor for the Fred Astaire Dance Studio in Boulder, Colorado while doing graduate work at the University of Colorado; he is a graduate of Cornell University. As a marine, Himes commanded a tank platoon in Vietnam. He currently attends the LaVerne College Law Center.

During the local YMCA course, the two will teach a variety of steps and techniques. Himes also plans a little nostalgia by including dances of the 50's.

Further information is available by calling the West End YMCA at 986-5847.

Student award

Southwest Savings and Loan of Ontario has presented the 1975 California Savings and Loan Outstanding Student Award to Matt B. Burkhart of Montclair High School.

Burkhart, a graduating senior, was presented a check for \$100 and an engraved medallion by Jack A. Tweedy, assistant vice-president and manager of the Ontario branch of Southwest Savings, June 3 at Montclair High School's academic awards assembly.

Honor society

Two Upland students were among 120 students at the University of California, Riverside, named to Phi Beta Kappa, a national honor society.

Paula Joan Bosserman was selected for membership on the basis of her academic achievements in the environmental sciences.

Martin D. Stoops was selected for academic excellence in mathematics.

Scout honors

Upland Boy Scout Troop 607 has promoted several scouts in recent court of honor ceremonies.

The scouts promoted in rank are Kurt Hager, tenderfoot; Steve Hager, second class; Eric Fillhart and Steve Rien, first class; and Jon Lubarsky, Chris Driggins and Mike Anderson, life awards.

Receiving merit badges at the ceremonies were Chris Driggins for environmental science, masonry, salesmanship, weather, geology, personal management, dog care, pets, mammals, home repair, theatre, athletics, emergency preparedness, and public speaking. Warren Gillespie received citizenship in the nation, citizenship in the world, personal management, lifesaving, safety, electricity, electronics and communications. Mike Anderson received badges in painting, personal management, communications and fishing. Doug Farmer received badges in theatre, communications, and general science. Other scouts earning badges were Steve Hager, first aid and art; Eric Fillhart, citizenship in the community; Art King, safety; Mark Olinger, music and Tim Brady, Dan Schwartz, Steve Rien and Kurt Hager, the first aid merit badge.

Installation

Zeta Pi Chapter of Epsilon Sigma Alpha sorority held installation of the 1975-76 officers on a recent evening at Lord Charley's in Upland. A no-host cocktail hour preceded the dinner.

Mrs. William Asbell was installed as president by Mrs. Richard Sherman, who also invested: Mrs. Robert Hull, vice president; Mrs. Stan Keenan, treasurer; Mrs. Joe Brunell, recording secretary; and Mrs. Harold Greenlund, corresponding secretary.

Chairwomen are: Mrs. Brunell, ways and means; Mrs. Asbell, philanthropic.

Mrs. Peter Roche, educational; Mrs. Roy Dillion, publicity; Mrs. Ray Kellogg, parliamentarian; Mrs. William Strohm, awards and scrapbook; Florence Merrill, jonquil girl; and Mrs. Virgil Hedgecoth, calling.

Special ceremonies conducted for the evening were: first pearl award to Mrs. Robert Hull, jewel ceremony for Mrs. Hedgecoth and fourth Pallas Athena Award to Vina Poston.

Winners

Two Upland and two Fontana residents were among top winners in the 16th annual rose and rose arrangement show held in the pageant of roses garden at

Rose Hills Memorial Park. Winning first-place awards in the arrangements section of the show were Mary O'Neil and Beth Neumeyer, both of Upland.

tired of the same old teeth?

If you're ready for new dentures, you'll want to come to us. There are no finer dental facilities in this community. We'll create a beautiful new set of "Living Dentures" for you, here in our own laboratory. There's no need to be concerned about cash. We'll work out a payment plan that suits your needs.

If this is to be your first set of dentures, don't worry. You can trust us. We'll see that you have a set of dentures immediately, so you needn't suffer the embarrassment and inconvenience of "toothless days."

If your present dentures need repairs, we can fix them for you—usually within the hour—whether or not they came from us.

We welcome Union members and all dental insurance plans, and our nurses will be happy to assist you in completing the insurance forms. We're never too busy to help you!

Home-canned foods

Health Tips

With the rapid increase in food prices of recent years has come an increase in home canning, as families buy foods in bulk at their peak seasons to save on the grocery bill. And with the increase in home canning has come a serious health hazard — botulism. Botulism is a serious form of food poisoning that produces critical illness and is fatal in 4 of 5 cases.

Unless strict precautions are followed, home-canned food may be contaminated with the spores of Clostridium botulinum. The danger does not come directly from eating the bacteria themselves. In fact, a great deal of fresh food contains the spores of the bacteria which, when eaten, pass harmlessly through the digestive tract.

EDITOR'S NOTE: Health Tips is a publication of the California Medical Education and Research Foundation, prepared and edited by physician members of the California Medical Association. It is reprinted by this newspaper as a public service.

However, under special conditions Clostridium botulinum produces a toxin, a substance which may be the most lethal human poison in existence. Food canning, if improperly carried out, can provide perfect conditions for the production of this poison.

The problem of botulism is prevented in commercial canning by use of equipment producing a combination of temperature and pressure capable of killing the spores so they cannot grow into bacteria to produce their toxin.

Student teachers sought

Cal Poly Pomona's teacher preparation center is seeking candidates for its cooperative teacher-preparation program for the 1975-76 academic year.

Student teachers in the program serve along with regular teachers in participating school districts. The districts and the university provide support for the program.

Teachers in the program work on specific projects in early-childhood education, bilingual education and general education.

Candidates should be at least seniors in college with a 2.5 (C plus or B minus) grade-point average or better.

They must be able to perform well under pressure and have documented work experience in child-, youth-, or people-oriented occupations. Some of the participating school districts are interested in applicants who are bilingual (Spanish and English) and bicultural in background.

Alvin H. Thompson, director of the teacher preparation center, said Cal Poly's cooperative teachers receive "incomparable, in-depth, professional preparation and enjoy a high employment placement rate."

Participants receive a stipend of approximately \$1,600 for the academic year, September through June.

Prospective candidates may contact Thompson at Cal Poly, Pomona, in room 228 of the School of Arts building or telephone (714) 598-4762.

Teens' drinking is big menace

Teen-age drinking is a growing menace, the Reader's Digest warns. According to the National Institute on Alcohol Abuse and Alcoholism, 1.3 million Americans between the ages 12 and 17 have serious drinking problems, and about one third of our high-school students get drunk at least once a month. Moreover, 60 per cent of the people killed in drunken-driving accidents now are in their teens.

However, since the botulinum bacteria can survive 20 hours of boiling at normal sea level pressures, simple home canning methods may not succeed in getting rid of them, and dur-

ing storage there is plenty of time for the fatal toxin to be produced.

Home canning can be carried out safely if certain procedures are carefully followed. These are fully

described in pamphlets which are available from your local county agricultural extension service or 4-H Club. A pressure cooking device is recommended for obtaining the combination of temperature and pressure which can kill the botulinum organism during the canning process.

If you have a supply of home-canned food, you can make sure of its safety by one simple precaution — boil before using. Although

the bacteria may not be destroyed by boiling, the highly dangerous toxin is made harmless by ordinary boiling — 10 minutes at sea level, longer at higher altitudes. Make sure every particle of the food is heated at the boiling point in order to destroy all of the dangerous toxin.

Botulism kills through the paralyzing action of its toxin upon the nervous system. Control of the muscles is lost, beginning with those about the face and neck.

Loss of the ability to swallow makes it impossible to eat, leads to choking which may introduce foreign materials into the lungs, and usually produces death in several days.

Most patients give a history of having eaten food which tasted spoiled. This may be followed in a few hours by nausea and vomiting from the irritants usually found in spoiled food. Later the symptoms of muscle weakness begin to appear.

If medical aid is quickly obtained and the correct diagnosis is rapidly made, it may be possible to save the patient. A serum may be injected which, while it cannot help the nerves already damaged, is sometimes able to neutralize a portion of the toxin and limit further paralysis.

The speed with which fatal symptoms appear depends largely on the amount of toxin-containing food that is eaten. The first victim to be discovered

usually has eaten the most. Others who have eaten the same food but less of it can often be protected by antitoxin injections if they can be treated before serious symptoms appear.

But the best treatment for botulism is prevention.

Commercially canned food can be considered safe. If you are given some home-canned food you can make sure it is safe by boiling at least 10 full minutes before use.

Seeds from Northern India

People eating pickles since 2000 B.C.

People were eating pickles before civilization kept written records!

Over 2000 years B.C., inhabitants of northern India brought seeds of the cucumber to the Tigris Valley where preservation of vegetables and fruits soon became common practice. Use of pickles quickly spread throughout Europe and Western cultures.

American pioneers regarded pickles highly because, under frontier conditions, pickles were the only zestful, green, juicy, succulent food available for many months of the year.

Pickles are a product of natural fermentation of cucumbers in the liquid surrounding them. This process is carefully controlled by the amount of salt, herbs, spices, temperature and other factors which develop the flavor, color and texture of the pickle. Soil, rainfall and location have decisive effects on the development of just the right kind of cucumber for pickling.

What is the difference between refrigerated pickles and other kinds?

Most commercial pickles are found on the grocery shelf. They are made just once a year for year-around consumption. The cucumbers have usually been subjected to weeks or even months of soaking in a salt brine and/or cooking to pasteurization temperatures.

Unlike most pickles, one brand of pickles is fresh and refrigerated. They are found in the refrigerated

case of the supermarket, displayed near meat or dairy products. They are not soaked or cooked. They are made year-around, because the company needs to buy fresh cucumbers from all over, wherever they are in season, depending on the climate.

Cucumbers of all sizes and shapes are trucked into the processing plant every week. They are promptly washed, inspected and sorted. Since no two cucumbers are identical, they are packed by weight (measured in fluid ounces) rather than count (a one quart jar weighs 32 fluid ounces and generally contains anywhere from seven to twelve whole pickles). The company packs the cucumbers into jars, adds a coarse mixture of seasonings, covers them with a special vinegar solution all the way to capacity to eliminate air pockets, and puts them into a refrigerated cooler.

Curing is the last step of the process, and the most important, because the ingredients in the brine determine the texture and keeping quality of the finished pickle. Refrigeration is necessary to assure best keeping quality. At optimum holding temperatures (32 degrees to 40 degrees) the pickles require about a week to cure completely. At this point the cure is "fixed" and the concentration of salt inside the pickle equals the concentration of the brine.

Juicy, golden

Papaya is real luxury

What could be more luxurious than brunching on a juicy golden Hawaiian papaya? Not so very long ago, papaya was an exotic, little known fruit, tasted only by those who visited the Hawaiian Islands. Today, though, this lovely fruit is flown almost daily to the Mainland for everyone to enjoy.

For an even more exotic slice of the Islands, here's a recipe for Hawaiian Blintzes. Because a summer weekend should be lazy and relaxed, the recipe is designed especially for late rising ease. The blintzes, made in a blender from fresh milk, eggs and flour, then fried into thin golden crepes, can be made way ahead and frozen. Just thaw the morning of your Hawaiian brunch.

The filling for the blintzes is made that morning of ricotta or cottage cheese, sweetened and spiced with crushed pineapple, orange and lemon peel. The creamy cheese filling has almost the nutrition of milk and provides the protein for the meal. Finely chopped papaya, blended into the cheese mixture, adds fragrant, delicate flavor and color.

Blintzes are easily rolled or folded around the filling and baked just a few minutes until heated through and tinged a golden brown. Garnishes of sliced papaya and strawberries make delicious eating and a beautiful setting for the Hawaiian Blintzes. Dairy sour cream and whipped cream blended together with a dusting of nutmeg to dollop over blintzes add the final touch.

Hawaiian Blintzes, by the way, are equally delicious for lunch or supper. And because papaya is available year round, you can enjoy this summery dish throughout the winter months, too.

HAWAIIAN BLINTZES

BLINTZ:

- 4 eggs
- 1 cup milk
- 1 tablespoon sugar
- 1 teaspoon salt
- 1 cup sifted flour
- Melted butter

FILLING:

- 1 Hawaiian papaya, peeled
- 1 pound ricotta or partially creamed cottage cheese
- 1 can (8 ounces) crushed pineapple, well drained
- 1 egg yolk
- 1 tablespoon sugar
- 1 tablespoon grated orange peel
- 2 teaspoons grated lemon peel
- 1/4 teaspoon salt
- Strawberries

Popcorn nibblers

Family nibblers and guests always go for popcorn. So try a different treat the next time you get out the corn popper. Mix a batch of Chocolate Coated Popcorn and watch it disappear. When making many batches of popcorn, keep it fresh by sealing popped corn in a plastic bag or a coated brown paper bag.

Chocolate Coated Popcorn

- 2 quarts freshly popped corn
- 1 cup light corn syrup
- 1 cup sugar
- 1/2 cup water
- 2 tablespoons margarine
- 2 squares unsweetened chocolate, melted
- Put popped corn in large bowl big enough to hold twice the amount. Set aside. In heavy 3-quart saucepan, stir together corn syrup, sugar, water and margarine. Cook over medium heat, stirring constantly, until sugar is dissolved. Continue cooking, without stirring, until temperature reaches 290-degrees on candy thermometer or until a small amount of mixture dropped into very cold water separates into threads which are hard but not brittle. Remove from heat. Add melted chocolate; blend well. Slowly pour the hot mixture over the popped corn, stirring constantly until the corn is uniformly covered. Turn coated corn onto a countertop or large tray. Working rapidly, separate the pieces and spread on trays until cold. Makes about 2 1/2 quarts.

SAUCE:
1/2 cup whipping cream, whipped
1/2 cup sour cream
Nutmeg

Blints: Blend first 5 ingredients in blender. Let stand an hour or more. Pour about 3 tablespoons batter into an 8-inch heavy skillet, lightly buttered, tilting to form thin pancakes. Brown both sides. Turn out on cake rack. Continue until all batter is used. Stack cooled blintzes between squares of

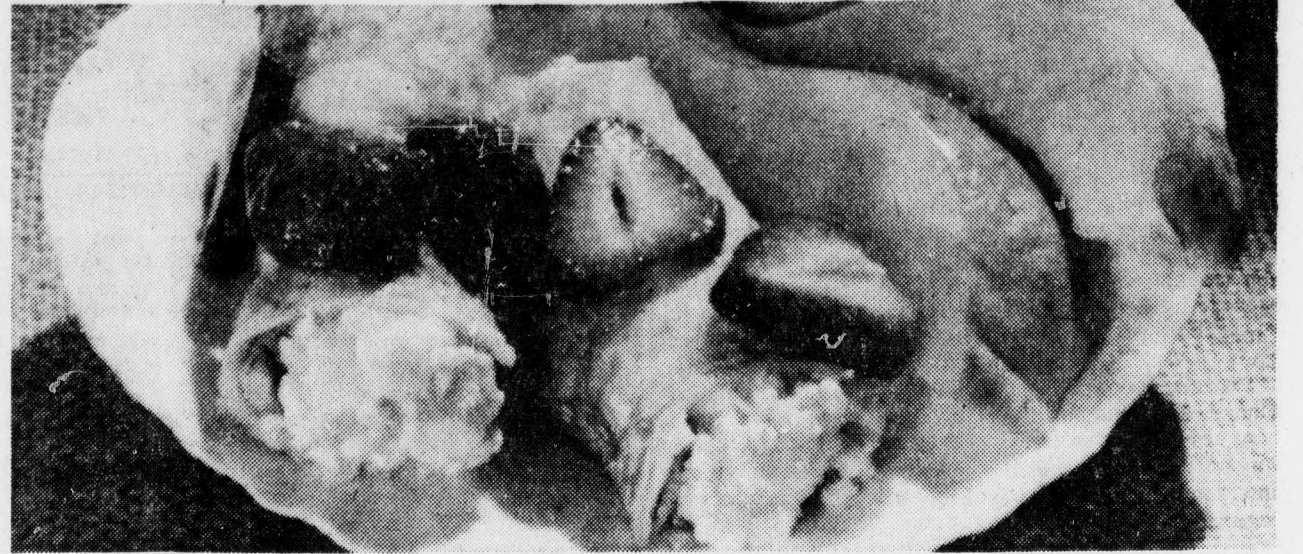

waxed paper. Wrap tightly and freeze. One hour before serving, unwrap and thaw blintzes to room temperature.

Filling: Halve and seed papaya; finely chop one half. Slice second half and set aside to use as garnish. In large bowl, combine chopped papaya with remaining ingredients except berries and sauce; mix thoroughly. Put about 2 heaping tablespoons filling in center of each blintz. Roll

or fold up. Arrange blintzes on baking pan. Bake at 350 degrees for 10 to 15 minutes, or until just golden brown. Garnish with papaya slices and sliced strawberries.

Sauce: In small bowl, blend whipped cream and sour cream. Dust with nutmeg. Pass sauce to serve over blintzes. Makes 5 servings, (2 blintzes per serving).

Note: Extra blintzes can be frozen.

This easy Hawaiian style brunch features fresh dairy cheeses (did you know this is Dairy Month?) and creams with delicate papaya. This

gives a luxurious feeling to the start of any day, so why not give it a try for this weekend?

Star Spangled Savings from

Ralphs has an alternative to high beef prices — Western Yearling Beef.

Ralphs won't let high beef prices make your Holiday fizzle. We've made a special purchase of Western grass-fed yearling beef. Because it's leaner than mature grain-fed beef, it's lower in price. For best results, we recommend that you tenderize or marinate it before broiling or barbecuing. In fact, cooking instructions are included with each package. As always, Ralphs unconditionally guarantees satisfaction or your money refunded.

By Anita Miller

A woman ought to know

Dear Anita:

I recently applied for a job through an employment agency. I was not interested in a typical "secretarial" office position, but the employment counselor refused to send me out on an interview for a "man's" job. Is this against the law?

V.S., Sacramento

Dear V.S.:

Assuming that you were qualified for the position in which you were interested, then, yes, you have a legitimate complaint.

Title VII of the Civil Rights Act of 1964 prohibits discrimination in

employment based on sex as well as on race, color, religion or national origin.

According to the Women's Bureau, U.S. Department of Labor, you have a right to complain if:

- An employment agency or union refuses to refer you to job openings;
- An employer's advertisement for employees carries a sex label;
- An employer refuses to let you file an application but accepts others;

—A union refuses to accept you into membership;

—You are left out of training or apprenticeship programs; and the

reason for any of these acts is your sex.

The California Fair Employment Practice Act forbids private employers, employment agencies, labor organizations, and units of state and local government to make any discrimination or specification as to race, religious creed, color, national origin, ancestry, sex, physical handicap or age.

Exempted from these requirements are employers who employ fewer than five persons and non-profit organizations.

Dear Anita,

Most of our credit cards are joint,

and my husband and I each sign our own name when making a purchase. As I am the one who handles the finances, all checks are signed by me although our checking account is also joint. Has this established credit for me?

M.C., Sacramento

Dear M.C.:

Since our first column appeared concerning the establishment of credit, we have received many letters like the one above.

First, let me emphasize that even though you are allowed to sign for purchases on your husband's account, it is still just that — your husband's account.

If you are suddenly widowed or divorced, you will discover that you have no credit history whatever. It is your responsibility to see to it that you are protected in these circumstances by establishing a credit record in your own name.

The following letter is a case in point:

Dear Anita,

My mother-in-law was widowed 1½ years ago. She has no financial worries as she owns a 200-acre farm in Arkansas, a lot and mobile home in Arizona, and a large bank account.

Through the years, she was extremely conscientious about paying their bills. Late, she has been traveling and thought it would be nice to have a bank charge card just for emergencies.

Even though she has probably the greatest credit rating in the world, they refused to give her a card as soon as they found out she was a widow.

L.S., Imperial Beach

Dear M.C. and others,

Take a hint from L.S., and apply for your credit rating now while you are still able. Visit your credit

reporting agency and request a file in your own name. Then, open a charge account, use it, and pay your bills promptly. If you would like further information on your credit rights, please write for a copy of "You've Gotta Give Her Credit" from California Commission on the Status of Women, 926 J St., Suite 1003, Sacramento 95814.

Dear Anita,

I am writing concerning the Equal Rights Amendment. I am the mother of five children ages 1 to 17. I am opposed to common restrooms. My daughters could not safely use a public restroom. I do not feel they should be drafted or forced to do hard labor.

V.H., Fullerton.

Dear V.H.,

The Equal Rights Amendment will not affect your right of privacy.

In Griswold V. Connecticut 1965.

A woman ... (Concluded)

Concluded
the Supreme Court recognized an independent constitutional right of privacy to insure that "the sexes will be separated in all places that involve sleeping, disrobing or other private functions." Women will never have to worry about sharing facilities with men.
Congress has always had the power to draft women. Today, however, there is no draft for anyone. Several hundred thousand

women volunteers are serving in the armed forces.
Under the ERA, women would be required to register with Selective Service Boards. And even if there should be a military draft in the future, physical and other qualifications for combat duty still would be determined by the Selective Service System. Only 14 per cent of the men drafted actually served in combat duty in Vietnam. The others filled support roles out-

side combat.
Women also would receive the same exemptions as men. Even at the height of the Vietnam draft call Congress exempted all fathers; the ERA would require it to exempt all parents. In the past, Congress has exempted all married men; the ERA would require it to exempt all married women as well. Or it could, and obviously would, exempt any person who has the prime responsibility for the taking care of a child.
How many women want to be drafted? About as many as the men who do, but if it is an obligation of

citizenship, it ought to apply to everyone equally.
Dear Anita,
I am a mature woman with a college degree in business administration with eight years' experience in business. I have been unemployed for three months and cannot get a job because of my age. Do I have any rights?
D.D., Sacramento
Dear D.D.,
Yes, you certainly do. The Age Discrimination in Employment Act of 1967 makes it unlawful to discriminate against any individual between the ages of 40 and 65 on the

basis of age.
Therefore, if one woman is 45 and another is 35, the employer may not lawfully turn down the first woman on the basis of her age alone. The employer must make a decision on other factors, such as capabilities and experience.
The Age Discrimination Act also prohibits help wanted notices from containing such phrases as "age 25 to 35," "young," "College student" or "recent graduate." A request for information such as "date of birth" or "state age" on an employment application or in an advertisement is not by itself a violation of this act.

June 26, 1975
However, these practices are closely scrutinized to assure that there is a good reason for asking the information.
If you feel you have been discriminated against on the basis of age, then you should file a complaint with the U.S. Department of Labor, Wage and Hour Division. For more information contact the Commission office.

Church News

Altar Society

Mrs. Dennis Wilson of St. Peter and St. Paul Altar Society of Alta Loma has been appointed to serve as presiding coordinator, according to Mrs. Herbert Minor, president of the Ontario Deanery of the Diocesan Council of Catholic Women. Mrs. Arthur A. Novelli of Montclair was appointed to arrange purchase of 100 pairs of socks as Christmas gifts for Boys' Town of the Desert. The deanery will send \$125 to Meals for Millions in India.

'Big Dave' Scroggins

"Big Dave" Scroggins, soloist, will be in concert at the First Baptist Church of Walnut Valley, 20425 E. La Puente Rd., Walnut 7:30 p.m. Tuesday. Dr. E. H. Peery, Pastor, notes that Dave was born and raised in Baldwin Park and all of his friends and relatives are cordially invited to attend.

"Big Dave" has been in the field of music evangelism for the past eight years. Prior to this he taught school in Northern California.

In 1968 he joined the Gospel Lads Quartet. The Lads moved to Joplin, Missouri in January 1971 to work with Revival Fires and to conduct rallies, special meetings, and appear on nationwide television. Scroggins is presently engaged in solo music evangelism. He lives in Joplin, Missouri with his wife and two children.

Trinity Lutheran

The Vacation Bible School at Trinity Lutheran Church, Montclair, will hold its closing service 7:30 p.m. tonight. The children in attendance will be a major portion of the worship service, with the songs to be sung by the entire group, as well as the "little" ones, and the "older" ones.

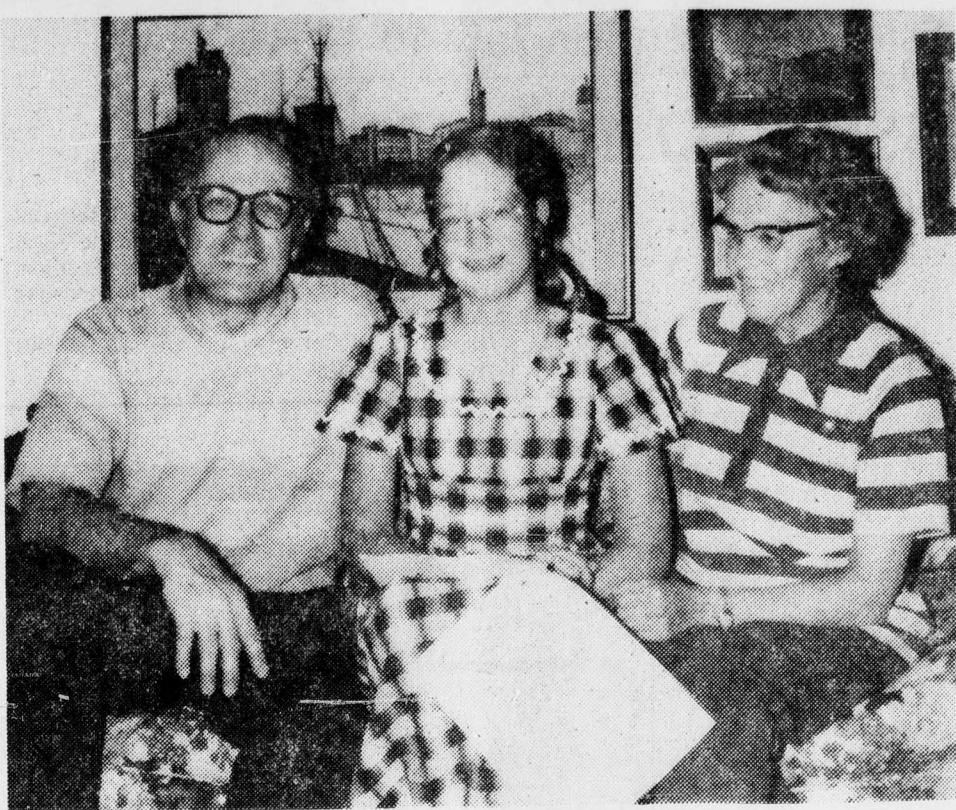

Instead of a message by the pastor, the film entitled, "From Mojave Sand to African Bush" will be shown. This film portrays how God's word is being brought to all those who don't have it as yet. The VBS is under the guidance of Diane Alcalá, Irish Carls, Kathy Seats, Debbie Tankersley, Becky Grege, Debbie Hall, Linda Bradley, Jerry Dahl, Alma Ahrens, Peggy Dahms and Bertha Carls.

Following the worship service, refreshments will be served, and the parents and friends of the pupils of the VBS will have an opportunity to view the materials and work done by the children during VBS.

Inland Empire Crusade

The last three evenings of the week-long Inland Empire Crusade, sponsored by the Southern California District of the Church of the Nazarene, will be held 7:30 p.m. tonight and Friday night and 6:30 p.m. Sunday at the Dome Building at the Orange Show fairgrounds, San Bernardino.

Transportation will be furnished by the Upland Church of the Nazarene for local residents. The church bus will leave the church 6:30 p.m. tonight and Friday and 5:30 p.m. Sunday, according to church board member David Bangle.

EASY WINNER — Carolyn McKissick (center) of La Verne was declared top competitor in the state Women's Christian Temperance Union essay contest held recently. To enter state com-

Presbyterian teenagers, adults work in England

Twelve teenagers from the First Presbyterian Church of Upland and their adult advisor are participating in the summer program of the International Center for Reconciliation at Coventry Cathedral in England.

The cathedral, virtually destroyed during World War II, was rebuilt to include a Chapel of Unity and a Christian Service Center. The theme of the new cathedral, constructed in 1962, is "Reconciliation through the Cross of Jesus."

The Upland group is staying at Coventry for one week, with a typical day including prayers, lectures and discussions on world Christian subjects, followed

by afternoon hours of helping with playground supervision in the city and visiting the elderly.

During the trip, the group will tour England, and Scotland in vans, stopping at youth hostels. London, Bath, Stonehenge, Oxford, Stratford-on-Avon, Nottingham, York, Scarborough, Edinburgh, St. Andrews and Dunbar are the main stopping points.

The trip is the result of two years of working together by the young people. Almost two-thirds of the cost of the trip was raised through their efforts in the Ecology Center at Stowell and Second avenues, Upland. Other fund raisers included a Christmas tree lot, spaghetti

dinner, pancake breakfast and rummage sale.

Mr. and Mrs. Ian Richardson were the group's first advisers. Present advisers are Mr. and Mrs. Robert Flagg and Mr. and Mrs. Kent Kurtz.

The high school students on the trip include Doug Bhatt, Lisa Bhatt, Glenn Bradley, Denise Griffin, Donna McClure, Bob Montgomery, Greg Roberts, Vicki Roberts, Linda Rugg, Linda Sampson, Rich Taylor and Lea Watts.

This is the third group of young people to go abroad on the church's work-study program in Youth Christian Ministry. They will return July 13.

At First Baptist Church

Bob Griffith to lead Continental Singers

Bob Griffith will direct the Continental Singers and Orchestra in a concert of contemporary Christian music 7 p.m. tonight at the First Baptist Church, 531 W. Eighth St., Upland.

Now in his second year with the Continental Singers, Griffith served as assistant director for the 1973 tour to the Caribbean. He received a degree in music education from Baylor University and is presently pursuing further study for an additional degree in theory. He served as president of the Baylor Religious Hour Choir and is currently the assistant director.

Griffith is both music coordinator and group leader for the college department of a major church in Waco. He also is founder and director for the small, semi-professional group "Gospel Comfort."

In addition to his directing ability, he is also an accomplished pianist, vocalist and instrumentalist, currently studying piano and classical guitar. He has made frequent personal appearances, both in the BRH Choir, and "Best of Baylor" and a private trio.

The two hour performance will include concert anthems, spirituals and folk adaptations, hymn arrangements and contemporary gospel music. In addition, the group will feature selections from "Share" and other Cam

Floria musicals, and a stirring American Bicentennial production.

Selected by audition from thousands of high school and college-age young people across the nation and around the world, the members of the Continental Singers are highly trained and talented musicians.

Consisting of 25 vocalists and a 15-piece orchestra, they are completely equipped with sound and lighting for the staging of their performance. Rather than being paid, each member raises approximately one-half of what it costs to send him on tour. The remainder of the cost is raised as a result of the concert appearances.

The Continental Singers

have been on tour each summer since 1963. In addition to performing in all 50 of the United States, they have toured throughout Europe, South America, Australia, New Zealand, the Orient and the Caribbean islands.

In 1970, for the first time, they went entirely around the world, appearing in such places as India, Israel and Greece. This summer the Continental Singers will perform in every section of the United States, as well as 10 European countries, Canada, Bermuda, South Africa and the Iron Curtain countries of Poland and East Germany. They will also be appearing at the Christian Artists' Music Seminar and Camp in Estes Park, Colo.

Theology professor publishes new book

"Growth Counseling for Marriage Enrichment: Pre-Marriage and the Early Years," a new book by Dr. Howard J. Clinebell Jr., will be published this month by Fortress Press, Philadelphia.

The book offers models and methods for using a human potentials approach to enriching normal marriages and helping those in serious trouble. Dr. Clinebell, Professor of Pastoral Counseling at the School of Theology at

Claremont since 1959, has written the book for "ministers and other marriage counselors who want to increase their skills in using growth-oriented counseling and enrichment methods," but feels it will also be "useful to lay individuals and couples who want to learn practical methods by which to help themselves and others develop more intimate, liberating and mutually fulfilling marriages."

Church News

SD United Methodist

The San Dimas United Methodist Church, 114 W. Second St., has scheduled a Salad Buffet 11:30 Sunday, following the morning worship service, to honor new members who have recently joined the church and to raise funds for the current budget.

Christ Lutheran

The Rev. Harold Lorimer will conduct services a second time this Sunday at Christ Lutheran Church, Chino. The worship hours are 8:15 and 10:45 a.m. Chaplain Lorimer has served as an administrator and spiritual counselor in youth homes the past 10 years. The church's regular pastor is currently on a tour of the Bible lands together with some of the Christ Lutheran members.

Jesus rock music

The band shell at Ganesha Park in Pomona will come alive with Jesus music 11 a.m. Saturday. "One Accord," a non-profit organization of interdenominational Christians, will present a seven-hour program of Jesus rock music dedicated to lifting Jesus Christ as the answer.

Six Christian rock groups will present continuous musical entertainment until 6 p.m. All Southern California youth are invited to attend.

This is the premier event in an on-going Christian youth ministry to be sponsored by "One Accord."

Ontario Baptist

Guest speaker at the 10 a.m. service of worship Sunday at the First Baptist Church of Ontario will be Dr. Leland Hine, professor of church history and director of the Extension Center at the American Baptist Seminary of the West in Covina. His theme for the service will be "Faith, Hope and Love." Special music will be provided by the Chancel Choir under the direction of Frank Alpers. Church school classes will convene at 11:10 a.m. with younger children going to class during the worship hour.

District convention July 10-13 Witnesses to meet in L.A.

Two 4-day district conventions of Jehovah's Witnesses in Los Angeles June 26-29 and July 10-13, will stress divine solutions to human problems.

The meetings, themed "Divine Sovereignty," are expected to attract 49,000 delegates each and will be held at Doger Stadium.

C. K. Spieth, city overseer of the Pomona area, said one-half of the congregations in Pomona Valley will attend the first convention and the other half the second. "In recent decades," he said, "more and more talk has centered on the need for a world government of some kind. The problems affecting the human family are principally the same in all nations and yet solution to these problems has eluded us."

"The lack of trust among the leadership of nations is apparent," Spieth said. "For example, consider one result of this distrust. Though they see how unwise it is, nations nearly ruin their economies to spend billions of dollars on armaments that they hope they will never have to use."

"And yet," he said, "in view of the repeated breaking of peace treaties, nations can see no reason to trust one another, and hence, believe that there is no alternative to such arms races."

Commenting on the over-all problem, Spieth said human selfishness is the basic factor in the inability of men to solve global problems.

Citing the key problems: armaments development and stockpiling, pollution, projected famine due to the worldwide population explosion and economic crisis with inflation, Spieth said they have become a matter of grave concern.

He said selfishness is not only prevalent in organizations and nations, but exists in the very roots of human society.

Spieth emphasized that no one should get the idea that the earth itself is responsible for human problems—that it is, for example, incapable of growing enough food for everyone.

Citing a report by the United Nations Food and Agricultural Organization, Spieth pointed out that the earth is capable of feeding many times as many people as now live in the world.

"Humans," he said, "have been mismanaging earth's food production, as well as the distribution of that food."

"And too," he continued, "the energy crisis of the past two years has eliminated many prior demands to clean up our polluted air, water and soil. Thus, due to expediency, people are trying to delay reforms urgently needed to sustain human life in the future."

Spieth stressed that global problems are too difficult for individuals to cope with.

"That does not mean the situation is hopeless," he concluded. "Although many people refuse to accept divine intervention in human affairs as possible, nevertheless, it is true."

"God's purpose is to bless human kind with a righteous world government that will unite all peoples on earth. Jesus Christ devoted his ministry on earth to telling people about this government. He urged his disciples to pray for it, saying, 'Thy kingdom come. They will be done in earth, as it is in heaven.'"

Spieth said God's kingdom will come in a shocking way to most people of the earth. It will bring an end to all unrighteousness he said.

All-Star grid picks

Andy Armstrong (Alta Loma) and Sherman Wilcox (Chaffey) will be definite strength factors for the East when the 10th annual San Gabriel Valley high school All-Star football game is held July 11.

Armstrong is a 6-foot-5, 200-pound outside linebacker, while Wilcox is a 6-foot-3, 225-pound offensive tackle.

Joining them on the team which will be guided by Coach Jim Jones, who directed South Hills to the CIF (4A) title last year, will be a pair of Armstrong's Hacienda League rivals who shared "most valuable player" honors in the league last season, Hal Drake (Bonita) and Frank Malicki (Roval Oak).

Brad Frick (Bonita) was also selected for the East roster, as were Don Dutton (Roval Oak), Rick Packer and Alfred "Dody" Dunzweiler (San Dimas).

Wilcox is the lone Citrus Belt League selection.

And though Montclair, Upland and Chino were bypassed, the San

Antonio League was well represented.

In addition to MVP Kent Stalwick (Claremont), fleet Ganeshia runningback Arthur Lane was tabbed.

Another member of the East team is Brian Bethke (South Hills), whose passing and running was instrumental in his team's 4A title win.

He'll be joined by teammates John Bates, Doug Smith and Mark Vargas.

San Dimas Press; LaVerne Leader; The Bulletin; Upland News; Cucamonga Times; Montclair Tribune

In all, nine league MVPs were named to roster positions.

On the West team of Coach Tom Paton (Monrovia) are Eric Anderson (San Marino), Rio Hondo League; Dale Bunn (Monrovia), Mission Valley; John Lynn (John Muir, Pasadena), Pacific; and Billy McCormick (St. Francis), Del Rey.

In addition to Drake, Malicki, Stalwick and Bethke, another East MVP is Dave Buckle (Workman), Montview League.

Paton drew heavily from his 3A

runnerup Wildcats as he chose Bunn, Lawrence Jackson, Othe Graves and Vic Hoskins.

Bunn was instrumental in leading his team to back-to-back CIF playoff berths. Rosters chosen include:

Disneyland salutes Bicentennial, summer

Two spectacular celebrations are underway simultaneously at Disneyland as the Park salutes the nation's bicentennial as well as a summer season loaded with fireworks and special nighttime entertainment.

Highlighting the festivities are performances of "America on Parade," an exciting new pageant developed by Walt Disney Productions to honor our country's 200th birthday.

This whimsical, theatrical production pays tribute to our nation in larger-than-life proportions as it winds its way through the center of the Park daily at 9 and 10 p.m.

Parade units average approximately 22 feet in height and some are as much as 30 feet in length.

Populating the procession will be 150 gayly-costumed "People of America," who stand some eight feet tall.

With giant stages and performers towering over them as the pageant moves down a specially-decorated Main Street, all guests will receive a child's perspective of the parade in an old-fashioned Fourth of July atmosphere.

During the course of the 3/4-mile procession this festival of Americana will showcase historical and memorable moments which have marked our country's first two centuries. Contributions and achievements of our culture, as well as a climactic "Celebration of Independence" will also be featured.

Kicking off each production will be Disney favorites Mickey Mouse, Goofy and Donald Duck, offering their own tribute to the "Spirit of '76."

The nation's life-style is lauded with loving looks at ever-changing modes of transportation, followed by salutes to the world of sports, our unique foods, inventions and forms of entertainment.

The 30-minute parade's finale includes a stirring performance of "This Land Is Your Land," contributed by numerous guest

the first Thanksgiving, Betsy Ross' creation of the flag, the development of the west and the suffragette movement.

Music will play an integral part in creating the spirit of the celebration. In addition to the live band performances, each unit will feature unique musical accompaniment, with special renditions of traditional tunes created by combining the sounds of the "Great American Band Organ" with a modernistic Moog Synthesizer.

During the course of the bicentennial observance, "America on Parade" will be offered to guests on more than 600 occasions, from its June 14 debut to the final procession on Sept. 11, 1976.

An identical celebration opened at Walt Disney World in Florida on Saturday, June 7.

Adding to the patriotic mood during the summer at Disneyland will be spirited red, white and blue "Fantasy in the Sky" fireworks nightly at 9 p.m.

Following Tinker Bell's daring flight above Sleeping Beauty's Castle, this spectacle will feature the latest pyrotechnic innovations available, gathered from around the world.

Summer nights will also showcase top stars in contemporary and big band music. Pop performers will offer 9 and 11:30 p.m. shows on Tomorrowland Stage on Sundays through Fridays, while Main Street's Plaza Gardens hosts big band and jazz artistry nightly from 9

p.m. to 1 a.m. Complementing the Park's bicentennial theme are many of Disneyland's more than 50 major attractions and adventures.

Among the most notable is "Great Moments with Mr. Lincoln," an Audio-Animatronics re-creation of our sixteenth President. This popular attraction has just returned to the Main Street Opera House as a feature of "The Walt Disney Story," and is offered free to guests by the Gulf Oil Corporation.

Singer-Composer Mac Davis will open the summer season of concerts at the Universal Amphitheatre July 7-13 with performances to begin at 8:15 p.m. He is a recent recipient of the Entertainer of the Year Award from the Academy of Country Music and the Most Popular Male Vocalist, People's Choice Award. He will be joined by the Captain and Tennille, recording duo.

Film to be offered on birth of a child

Preparing Expectant Parents, Inc., a non-profit organization, announces its monthly film showing June 26 at Pomona First Federal, Indian Hill and Foothill boulevards, Claremont, at 7:30 p.m. No admission is charged and refreshments will be served.

Featured this month will be the film "The Story of Eric," demonstrating the use of the Lamaze method of prepared childbirth in actual labor and birth. Extensive library display, visual and graphic aids, and pamphlet material, including P.E.P.'s own student manuals and labor coach guides, will be available. P.E.P., Inc. instructors from Upland, Alta Loma, and Claremont will be present to lead discussion and answer questions.

P.E.P., Inc. conducts 8 to 10 week class series, beginning every 10 days. Releasing and breathing

techniques, conduct of normal labor and delivery, variations of labor and delivery, labor coaching, breast-feeding and postpartum care are emphasized. For further information on films or classes contact Suzi Glass, 985-0024, Cathy Tessier, 621-2668, or Bev Morefield, 987-8589.

Chiropractic Recommended For Arthritis

By Dr. W. P. Helzer, D.C.

Arthritis, along with neuritis and sinusitis, seems to become more unendurable at this time of the year. There are two reasons why the suffering seems more serious.

Questionably the weather has its effect and the spring season often means rain and damp climatic conditions.

This affects circulation and causes tension in muscles. Tension in muscles which strain sore joints understandably increases the soreness. Additionally, the balmy, sunny spring weather, with its flowers and gaiety, depresses persons afflicted with arthritis. They are more aware of their condition, because of their inability to enjoy the splendor of spring.

I urge an examination for all persons suffering from arthritis. Arthritis means inflammation of the joints. With that inflammation there is a disturbance of nutrition to the joint and eventually changes in joint structure occur.

It is well to remember that circulation of blood to all parts of the body, including joints, is influenced by nerves which have origin in the spinal cord and pass through the opening between bones of the spinal column. Thus, spinal displacements can be causative factors in arthritis.

It is therefore on the basis of reason and on the basis of Chiropractic experience that modern Chiropractic care is advocated for arthritis.

Folk singer and films play UCR

RIVERSIDE — A return appearance by San Diego folk singer Sam Hinton and seven feature films comprise this summer's Performing Arts Presentations season at the University of California, Riverside.

Hinton, a spirited musician and folk expert who has become a familiar face and voice to UCR audiences, will be giving his sixth annual concert in Humanities Theatre on July 12 at 7:30 p.m.

Hinton might be termed a modern-day renaissance man. Educated in biology, he has served as director of the Desert Museum in Palm Springs, and for more than 20 years was curator for the Scripps Institution of Oceanography aquarium - museum in La Jolla.

Though his salaried position is assistant director of the Relations with Schools office at UC

San Diego, Hinton's first love continues to be music and lore, both teaching about and performing folk tunes throughout the country.

The summer's motion pictures focus mainly on comedy, though the finale, "Lion in Winter," is far from nonsense. Winner of three Academy Awards, the film stars Katherine Hepburn in her Oscar-winning role, pitted against Peter O'Toole as the irascible King Henry II. It will play August 2.

Two Marx Brothers films, "Monkey Business" and "Cocoanuts," open the series June 28; a pair of romantic comedies, Frank Capra's "It Happened One Night" and George Cukor's "Holiday" share billing on July 19; and a couple of zanies, Mel Brooks' "The Producers" and Woody Allen's "What's Up Tiger Lily?" will be shown July 26.

as the famed amusement park offers a tribute to the United States Bicentennial celebration now through Sept. 6.

L.A. Fair schedules released

POMONA — Schedules of major competitive shows for the 48th Los Angeles County Fair beginning Sept. 12, have been released by Phil D. Shepherd, general manager.

Open division exhibits running for the entire 17 days are dairy products, feature exhibits and agriculture (including wine and apiary), flower and garden show, gem and mineral show, home arts and photography (open and schools).

Junior Fair livestock featuring College, FFA and 4-H breeders exhibit Sept. 12 through Sept. 16. The annual livestock auction is scheduled for Wednesday, Sept. 17. Market hogs and lambs at 1 p.m. and prime market beef at 7 p.m.

Junior pigeons, poultry and rabbits are on display Sept. 12 through Sept. 14 in building 8.

Senior division livestock featuring Milking Shorthorns can be seen Sept. 19 through Sept. 23. Beef, dairy cattle, swine, sheep and dairy goats are also in competition.

Small animal lovers can see Senior division rabbits and cavy on display Sept. 15 through Sept. 18. Pigeons may be seen Sept. 19 through Sept. 23 and the southland's finest poultry Sept. 24 through Sept. 28, all in building 8.

Junior Fair feature exhibits including landscape gardens and patio displays, 4-H home economics, agriculture, biological and mechanical sciences, and arts and crafts are on exhibit in building 8-A the entire 17 Fair days.

Premium books giving the various classifications may be obtained by writing the Fair office, P.O. Box 2250, Pomona 91766. Requests should specify the exhibit areas in which the person is interested.

The Fair runs Sept. 12 through 28, 1975.

Brochures list music programs

Brochures listing complete program information and ticket prices for this season's Seventh Annual Claremont Music Festival at Pomona College are now available.

Festival concert dates have been set from July 3 through August 1 in the Southern California campus community.

Brochures may be obtained by writing: Claremont Music Festival at Pomona College, Claremont 91711, or by calling 621-1112.

ORDINANCE NO. 1055
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF UPLAND AMENDING THE COMPREHENSIVE ZONING MAP OF THE CITY OF UPLAND AS CONTAINED IN CHAPTER 1 OF ARTICLE IX OF THE UPLAND MUNICIPAL CODE PRE-ZONING CERTAIN UNINCORPORATED COUNTY TERRITORY FROM COUNTY R-1 TO PRE-ZONE R-1D IN AN AREA GENERALLY DESCRIBED AS A 3.286 SQUARE-FOOT TRIANGULAR SHAPED PIECE OF PROPERTY LOCATED AT A DIRECT EXTENSION OF 15TH STREET BEGINNING ABOUT 500 FEET EAST OF THE CENTER LINE OF GROVE AVENUE.

The City Council of the City of Upland does ordain as follows:
SECTION 1. The existing zones in the unincorporated territories adjoining the City which are hereby pre-zoned in accordance to Section 65859 of the Government Code of the State of California. Such zoning shall become immediately effective at the same time that the annexation of the properties so pre-zoned becomes effective.

The following area in the unincorporated territory of the County which is now zoned as R-1 (Single Family Residential) is hereby pre-zoned by the City of Upland to R-1D (Single Family Residential District - 7,500 sq. ft. minimum lot area) Zoning District, and this shall be the zoning assigned to the area when the area is annexed to the City. The area is more particularly described as follows:

That portion of the Northwest quarter of Section 4, Township 1 South, Range 7 West, San Bernardino Meridian, in the County of San Bernardino, State of California, according to the Official Map thereof described as follows:

BEGINNING at an angle point in the boundary line of the City of Upland, as said boundary existed December 2, 1974, said angle point also being the most Northerly corner of the land described in Parcel 1 of the Deed recorded March 2, 1950, in Book 2538, page 27 of Official Records in the office of the County Recorder of said County; thence along said boundary line south 37° 10' 15" West 61.10 feet, thence North 89° 59' 30" East 135.00 feet to a point in said boundary; thence along said boundary line North 63° 36' 45" West 109.49 feet to the point of beginning.

More generally described as 0.075 acres, or a 3.286 sq. ft. triangular-shaped piece of property, located at a direct extension of 15th Street, beginning about 500 feet east of the centerline of Grove Avenue.

SECTION 2. The Mayor shall sign this Ordinance, and the City Clerk shall certify to the passage and adoption of this Ordinance and shall cause the same to be published at least once within fifteen (15) days of the date of passage and adoption in the Upland News, a newspaper of general circulation, printed and published in said City.

PUBLIC NOTICE

CITY OF MONTCLAIR
NOTICE INVITING BIDS

Sealed proposals will be received at the Office of the City Clerk, City Hall, Montclair, California, until 10:00 a.m. on Tuesday, July 15, 1975, in the matter of the construction of PCC curb only for curb returns: 18" gutter, PCC curb only, 6" PCC curb and 18" gutter; 6" PCC curb and 6" gutter; 6" PCC curb and 18" gutter; 4" PCC sidewalk; 6" PCC driveway approaches; and 8" PCC cross-gutter for a twelve month period beginning July 1, 1975, and ending June 30, 1976, in the City of Montclair, California, as ordered from time to time by the City Engineer of the City of Montclair.

The Council hereby invites sealed bids and proposals for doing the work described in City Engineer's Project O.E. No. 9 and providing for the construction of:

1. PCC curb only for curb returns
2. PCC curb only
3. 6" PCC curb and 18" gutter
4. 6" PCC curb and 6" gutter
5. 6" PCC curb and 18" gutter
6. 10" PCC curb and 18" gutter
7. Variable PCC curb and 18" gutter
8. 18" gutter only
9. 4" PCC sidewalk
10. 6" PCC drive approaches
11. 8" PCC cross-gutter

The land upon which the work will be done will be prepared to the required grade to within 1/10 of a foot either above or below grade by the City of Montclair before the contractor commences his work under this contract. The contractor will install all work to required grade as established by the City. Contractor will include in his bid all necessary epoxy for gluing gutter to existing curb. Epoxy to be Hi Bond 210 or equal.

The proposals will be publicly opened and read in the Council Chambers, 5111 Benito Street, Montclair, California, at 10:00 o'clock a.m. on the date above mentioned. Plans and specifications and all contract documents may be obtained at the Office of the City Engineer, City Hall, 5111 Benito Street, Montclair, California. A non-refundable deposit of \$5.00 for each set of specifications with accompanying drawings will be required.

Each proposal must be accompanied by a certified check or bid bond in the amount of One Thousand Dollars (\$1,000.00) as a guarantee that the bidder, if the award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form, secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of said bonds shall be in the sum of Ten Thousand Dollars (\$10,000). In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection. This contract is a so-called "Open-End Contract" for the work to be done as stated above, but not to exceed the amount of \$10,000.00 ordered and not completed at any one time. This call for bids contemplates that purchase orders shall be issued to the contractor receiving the award of contract stating the location and classification of the actual work to be performed on each job.

The contract, however, does not prohibit the City of Montclair from contracting with others to perform any specific project which may involve the same type of work involved in this contract. This contract simply provides the City of Montclair an offer of a unit price structure against which orders may be issued in accordance with the proposal and these specifications.

Although it is understood that any or all bids may be rejected for various reasons, it is further understood that insofar as calculating the lowest bid in the contract the following formula will be applied by the City Engineer:

- (a) Each item in the proposal has been assigned a weighted percentage figure. All these percentage figures total 100%. These percentage figures represent the City Engineer's best estimate based upon his experience of the relative importance or frequency an item will be used under this contract within a one year period.
- (b) The percentage figure assigned to the item multiplied by the unit price shall be designated the weighted bid for the item, and the weighted bid shall be used only for the purpose of calculating the lowest bid. The total of all the weighted bids shall be the figure used in determining the lowest total bid.
- (c) Besides the total of all the weighted bids, the City Engineer may take into consideration unbalancing of any item bid. By unbalancing of an item bid, it is understood that it means bidding an unreasonably high price on an item compared with its going market price when such item is assigned a low weighted percentage figure.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon all subcontractors under him, to pay not less than the general prevailing rate of wages to all workmen employed in the execution of the contract pursuant to the provisions of Section 1770 to 1780 inclusive of the Labor Code of the State of California. The City Council of the City of Montclair has ascertained and adopted the general prevailing rate of hourly wages for week days and for Saturday, Sunday, Legal Holidays and overtime work for each craft of type of workman needed to execute the proposed contract and it is on file in the Office of the City Clerk.

Each bid shall be made out on forms to be obtained at the Office of the City Engineer of the City of Montclair and must be accompanied by a certified check or bidder's bond in the amount of One Thousand Dollars (\$1,000.00), made payable to the order of the City of Montclair; and shall be sealed and filed with the City Clerk of the City of Montclair at the City Hall of the City of Montclair, on or before 10:00 a.m. on the day first hereinabove mentioned.

The words "Bid: Proposal for Construction of Project O.E. No. 9 to be Open 10:00 A.M. July 15, 1975" shall appear on the envelope of each sealed bid. Said bid shall be addressed to the City Clerk, City Hall, Montclair, California.

The City Council of the City of Montclair reserves the right to reject any and all bids, to waive any informality in a bid and to make awards as the interest of the City may require. This notice is given by order of the Council of the City of Montclair, California.

ORDINANCE NO. 1056
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF UPLAND AMENDING THE UPLAND MUNICIPAL CODE, ARTICLE 2, CHAPTER 8, CONCERNING PURCHASING REGULATIONS AND REQUIREMENTS

The City Council of the City of Upland does hereby ordain as follows:

SECTION 1. Section 2800.8 of the Upland Municipal Code is hereby amended to read as follows:

Section 2800.8-Bidding

Purchases of supplies, contractual services, equipment and the sale of personal property may be by bid procedures pursuant to Parts 1 & 2 of this Chapter. Bidding shall be utilized as a purchase procedure when in the determination of the City Manager the best interests of the citizens will be served or negotiation will be utilized in those instances where, in the opinion of the City Manager, the best value to the citizens can be obtained by that procedure. When the amounts involved are more than \$5,000, and whether bidding procedure is used or not, all such purchases, contracts and sale of personal property shall be subject to approval of Council.

SECTION 2. Section 2810.1 of the Upland Municipal Code is hereby amended to read as follows:

Section 2810.1 - Formal Written Contract Procedure
Except as otherwise provided herein purchases and contracts for supplies, contractual services, equipment, and sale of personal

property at an estimated value greater than \$5,000 shall be by written contract.

SECTION 3. Separability. If any section, subsection, sentence, clause, phrase or portion of this Ordinance required by the City is for any reason felt to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.

SECTION 4. The Mayor shall sign this Ordinance and the City Clerk shall attest to the same, and the City Clerk shall cause the same to be published within fifteen (15) days after its passage, at least once in the Upland News, a newspaper of general circulation, published and circulated in the City of Upland.
